

TRIANGULAR 2008

29th November

The 'Triangular' is a team fencing competition fought annually between Aberystwyth University, Aberystwyth Town and ex-university students the 'old-boys'. Teams compete for the magnificent Taylor Trophy, in memory of coach, friend and mentor to many Munro Taylor. As part of the days activities the annual 'town v gown' competition is fought.

New this year - following the triangular in the morning, there will be a second team competition. Teams can be premeditated or formed on the day, will we see team-president, will RPFHFC be resurrected, can the wily vets beat the sprightly youth or will another random combo be triumphant?
